PROBLEM-SOLVING PROCESS

GEAR UP

guides our students in their mental processing of mathematical problems in a more systematic manner.

The strong emphasis on reasoning and analysis in this problem-solving process helps students develop essential learning skills, enhance their metacognitive abilities, and build confidence in mathematical problem-solving.

PROBLEM-SOLVING PROCESS

GEAR UP

GRASP the problem

Do I understand the problem?
What is given in the problem?
What am I asked to find?
What information is missing?

EXPLORE solutions

Have I seen a similar problem before?
What methods can I use?

APPLY strategies

What steps do I take?
What equations do I write?
What working do I do?

REFLECT on the process

Have I answered the question?
Is my answer reasonable?
Have I checked for Number Transfer, Units and Calculations (N.T.U.C.)?
